

CAPE HORN Veterinary Associates

The Gift of Grace Compassionate Care Fund

Origin of the Fund

The fund was inspired by the owner of Gracie Mae, one of our long-time patients. When Gracie passed away, her owner wanted to continue her legacy and began making monthly donations to CHVA in order to help other pets in need. With his donations, we have been able to help numerous patients whose owners could not have afforded care otherwise.

In Gracie's honor, we created this fund so that we can help even more pets.
